I am delighted to introduce the first Annual Report to Tenants on the Council’s performance return to the Scottish Housing Regulator on the Scottish Social Housing Charter.

The Council’s Housing service is committed to working with tenants, listening to their views and improving the service they receive. Overall Housing staff have performed well in almost all areas last year and there is high tenant satisfaction with the service and rent charged. However, in conjunction with tenants we will strive to improve the service that they receive and ensure that they obtain value for their rent.

I look forward over the coming year to seeing continuous improvement in the Housing service with increased tenant and customer satisfaction.

Councillor Karen Clark
Chair of Social Work and Housing Committee
Homes and Rents

- As at 31st March 2014 the Council owned 12,886 properties.
- The total rent due for the year was £41,899,206
- The Council increased its weekly rent on average by 4.5% compared to the Scottish average of 4%.

Tenant Satisfaction

I am satisfied with the overall service

- Aberdeenshire: 83%
- Rest of Scotland: 87.8%

The Council is good at keeping me informed about its service and outcomes

- Aberdeenshire: 81.8%
- Rest of Scotland: 88.9%

I am satisfied with the opportunities given to me to participate in the Council’s decision making processes

- Aberdeenshire: 69.15%
- Rest of Scotland: 78.4%

Quality and Maintenance of Properties

- Average length of time taken to complete non-emergency repairs: Aberdeenshire 14.2 days, Scottish Average 8.2 days
- Average length of time taken to complete emergency repairs: Aberdeenshire 8.4 hours, Scottish Average 6.9 hours
- Reactive repairs completed right first time: Aberdeenshire 81.6%, Scottish Average 87.2%

Tenants who had repairs or maintenance carried out in the last 12 months and were satisfied with the service:

- Aberdeenshire Council 83%
- Rest of Scotland 87.6%
Neighbourhoods

- For every 100 properties the Council owns there were approximately 5 cases of anti-social behaviour reported in the last year.

- 65.2% of anti-social behaviour cases were resolved within locally agreed targets (i.e. 3 months) in the last year compared to the Scottish figure of 75.9%.

Value for money

Amount of rent money the Council collected from current and past tenants last year.

- The Council did not collect 0.9% of rent due because properties were empty, compared to the Scottish average of 1.2%.

- The Council took an average 33.9 days to re-let properties compared to the Scottish average of 35.7 days.

I am pleased that the results of the return to the Scottish Housing Regulator on the Charter demonstrate that the Housing service has continued to provide a good service to our tenants. We will continue to work closely with our tenants, tenant representatives and groups to improve the service across Aberdeenshire. A Housing Improvement Plan will be developed from the results; it will detail specific areas for increased attention. In particular, there will be more focus on the following priority areas:

- A Rent consultation exercise involving all tenants will be carried out early next year. The Council will review its rent levels to ensure that rents remain affordable for tenants while at the same time providing adequate funding for improvements, repairs and maintenance.

- A repair appointment system will be developed.

- Improvements (e.g. central heating, kitchen replacement etc) will be carried out to a significant number of Council properties so that all Council properties meet the Scottish Housing Quality Standard by 2015.

- Getting more repairs completed first time will be addressed.

- Resolving more anti-social behaviour cases quickly will be a priority.

- Working with the Tenant Participation Promotion Team we will develop increased tenant scrutiny of the Housing service and provide increased quality standards across the service, for example, the condition of re-let properties.

Douglas Edwardson
Head of Housing
